

Cancer Registrar

About the Position:

Cancer registrars capture a complete summary of the history, diagnosis, treatment and disease status for every cancer patient. They are data and information specialists who collect and report cancer statistics.

At the Saskatchewan Cancer Agency, cancer registrars interpret, verify and code disease, procedures and other medical information into the patient data system, cancer registry and other research and statistical applications.

Cancer registrars are highly organized and detail-oriented due to the amount of data and statistical information they manage in their job duties. They must also maintain a high degree of confidentiality.

Job Requirements:

Education

- Diploma in Health Information Management

Experience

- Nine months of cancer registry coding experience within the last three years; OR
- If no such applicant found, six months cancer registry coding experience within the last three years; OR
- If no such applicant found, one year of experience as a Health Information Practitioner (HIP)

Credentials

- Active membership with the Canadian Health Information Management Association (CHIMA)

Work with us!

The Saskatchewan Cancer Agency is a provincial health-care organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health-care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
