

### About the Position:

The navigator for the Screening Program for Colorectal Cancer is responsible for the coordination, development, implementation, administration, evaluation and delivery of the navigation component of the program.

The navigator acts as a clinical resource, providing support, information and education to promote coordination and continuity of care related to colorectal cancer screening.

They manage client questions and concerns related to cancer screening and diagnosis, and help clients to understand the screening process. The navigator also maintains ongoing communication with primary care providers to ensure they are kept informed of their patient's progress and test results.

### Job Requirements:

#### Education

- Bachelor's degree

#### Experience

- Five years' experience working in nursing
- Gastroenterology-related experience working with patients undergoing GI diagnostic procedures is an asset
- Experience related to leadership, patient education, program development and evaluation is an asset

#### Credentials

- Must be eligible for licensure with the College of Registered Nurses of Saskatchewan (CRNS)
- Gastroenterology nursing certification is an asset
- Oncology nursing certification is an asset

## Work with us!

The Saskatchewan Cancer Agency is a provincial health-care organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health-care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
